

# Catch up with us at the Conservative Party Conference

CIB committee member, political scientist Dr Anna Bailey, will be at the Conservative Party Conference this week keeping a keen eye on all things Brexit. Dr Bailey has recently taken on responsibility for running the CIB website and Facebook page, and over the coming months will be implementing a strategy to expand our reach and influence. If you spot her at either the official conference, or the Brexit Advance Alternative Conference, please do pop over and say hello. We're always keen to catch up with our members – and of course to encourage new members to join!

Dr Bailey will be at the following events:

- Brexit Advance Alternative Conference
- The Bruges Group: Brexit Means Brexit?
- The IEA and TPA: In Conversation with the Rt Hon Dominic Raab MP
- Leave Means Leave: Brexit means Brexit
- Conservatives for Liberty: Freedom Fizz 2018

...plus a variety of other Brexit-related fringe events.
