

EXCLUSIVE VIDEO: Nigel Farage – up close and personal

"I'm a celebrity, get me in front of CIBUK.ORG and Facts4EU.Org"

A riveting 10 minutes on Brexit, independence, sovereignty and the opportunities ahead

Nigel Farage might not be on GB News this week because of being part of *"I'm a celebrity get me out of here"* in Australia, but we have the scoop before he departed the UK's shores. He's in the jungle right now, but here's something we recorded with him before Australia.

A CIBUK.Org and Brexit Facts4EU exclusive – with Nigel Farage

In this *'up close and personal'* video interview Nigel reveals his thoughts exclusively to CIBUK.org and Facts4EU.Org on everything, from how the Brexit vote was won to what we need to do now.

Nigel was in conversation with our star TV presenter, Alexandra Phillips, formerly of GB News and now of Talk TV. Alex was a former colleague of Nigel's as an MEP in the EU Parliament. She asks all the right questions and Nigel was very forthcoming in his responses.

Compelling viewing

Like him or loathe him, Nigel Farage is an important figure in British politics. Few have had such an impact.

As part of our series ***"10 minutes with..."*** we present readers with our exclusive Nigel Farage movie. This is an intimate portrait of a man who simply cannot be ignored. He speaks frankly to us on a range of issues and we don't think you'll be disappointed.

"This was a massive democratic mandate. The biggest election ever fought in the history of these islands. We have to start giving people the deliverables that they voted for."

"So, I can't sit here and pretend that the next few years are going to be easy, because they're not. But the idea, ultimately, that no free people ever willingly give up the right to govern themselves, that still is absolutely crystal clear in my mind."

Both CIBUK.Org and Brexit Facts4EU.Org are grateful to Mr Farage for giving up his time in this way. And please don't forget to 'Like' and 'Subscribe'!

Observations

Nigel Farage's show on GB News is the top-rated British TV show at 7pm. It beats the BBC, Sky News and ITN (including Channel 4).

Right now he's off in the Australian 'jungle' for a reality TV show. Whatever readers think of this, it will at least give him financial independence and increased freedom to speak his mind.

Nigel gave us his time for free. Nonetheless it cost us £450 to edit this professionally and we hope readers will appreciate the result. Please donate towards the cost of this production if you can.

And for a bit of fun...

(And yes, we know there are no lions in Australia.)
