## Observations

It's a rare privilege to have two French politicians as our keynote speakers addressing us all this Sunday 03 Nov.

**Here's what our Chairman has to say :-**

*"I am very grateful to my friends Charles-Henri and Laurent for giving up their time on a Sunday morning to address us all. They have also agreed to do so in English! They are both charming, erudite and highly-intelligent individuals, who will not bore you."*

*"We should all gain an important insight into the mood amongst the independence movements in France, a country which for centuries has been renowned for its political thinkers and philosophers."*

*If you're planning to ask a question, please keep it short (preferably under 60 seconds) and please avoid making a mini-speech or our moderator will cut you off! This makes the whole event go at a good pace and keeps everyone engaged."*

We're sure this will be a fascinating discussion for all our British, Antipodean, European, American and Asian members.

We hope you can attend the event this Sunday. You will be most welcome. To be sent the link to attend, please immediately contact the Admin Office at CIBUK.Org who are handling the guest list. **For security**, please put "Frexit F4EU" as the subject.
