The event is a Global Discussion Forum organised by Facts4EU and is a co-production between Facts4EU.Org, CIBUK.Org, Australians for Better Government, and Commanding the Narrative.

To let us know you'll be attending or to ask us questions before the event, contact Ben Philips [here](#).

Events like this take a lot of organising and then we have all

the costs of the post-production for video clips, etc.
Please support us with a donation towards this event if you
can.

We badly need it and every few pounds helps to keep us
fighting for Brexit,
and for independence, sovereignty, democracy and freedom.

Please help our work today if you can – it's very quick and
your details are kept confidential.

Observations

Together with our colleagues at Facts4EU.Org, Australians for Better Government, and Commanding the Narrative, we are delighted to present a panel of such compelling, informed speakers, joining us from the opposite sides of the globe. This truly is a 'Global Discussion Forum'.

The topic is of course one which has risen up to feature in the top concerns of millions of people in many countries. We would be pleased to have the maximum possible audience for what should be a very strong discussion. You will have the opportunity to ask questions of the panel after they have delivered their initial speeches. All you need to do is raise your hand if you're using Zoom, or use the chat if you're using YouTube.

Finally, events like this take a lot of time and effort to organise. Following it we then have to employ a video production team to make the clips for use on social media and to provide to the media. Then there's the cost of the time of the team to make this event happen and for it to be seen by as many people as possible.

Please, please help us to carry on our vital work in defence

of independence, sovereignty, democracy and freedom by donating today. Thank you.
