

Now available: new fisheries booklet “Seizing the moment”

Following on from our earlier booklet by John Ashworth, *The Betrayal of Britain's Fishing*, the Campaign for an Independent Britain is pleased to announce that a further booklet on the subject of fisheries is now available. *Seizing the Moment*, also written by John, evaluates the options for UK fisheries following Brexit and proposes a policy radically different from the EU's failed Common Fisheries Policy which will rejuvenate our fishing industry and coastal communities.

It is available to download as a pdf [here](#) (cover) and [here](#) (main text)
