

Project Fear 1975 style

We have already highlighted the fear tactics used in Norway's 1994 vote on EU membership. In the 1975 referendum campaign in the UK, similar tactics were used, just as they are at the moment. Here is Peter Shore's stirring speech at the Oxford Union debate 3 days before the 1975 referendum debunking "Project Fear". Well worth a listen, according to our President, George West.
