

Yes, the Rejoiners really are coming – to reverse Brexit ‘step-by-step’

**Their new Chairman could not be clearer:
*“The wind is in our sails now”***

All who value independence and sovereignty must now stand up and fight back

Last week ‘The European Movement’ announced the election of a new Chairman, following the retirement of Lord (Andrew) Adonis on 14 December 2022. The new man in charge made an unequivocal statement on his election, which we reproduce below.

The European Movement states it is *“the only organisation with the courage to expose the calamity of Brexit and win the Battle for the Soul of our Country.”* It is extremist in its views and very short on facts. That said, it is extremely well-funded by foreign foundations and it has refused to accept the result of the largest democratic vote in British history.

The Rejoiners’ war chest is growing all the time – £3m+ and counting

The incoming Chairman of the European Movement, Mike Galsworthy, is very clear he wants to expand the Rejoin campaign across the board. This involves hundreds of new local associations, a mass PR initiative involving TV, radio and social media, a renewed campaign to convert the UK’s youth, and even a glossy new film.

Money is no object in the pursuit of this plan to overturn Brexit. Below we show the results of our research last year into the funding of anti-Brexit organisations by foreign foundations.

In addition we can now reveal that a new documentary film called 'Brexit Documentary' is in preparation. This involves BylineTV+ and features Mike Galsworthy. They have already raised **an astonishing £97,398.03 for this project.**

Over £3.5 million in foreign funding received by Rejoinder organisations

One international organisation, known as 'The Open Society Foundations' (OSF), was founded by foreign multi-billionaire George Soros, who made a great deal of money betting against sterling.

Their website states they are :-

"the world's largest private funder of independent groups working for justice, democratic governance, and human rights."

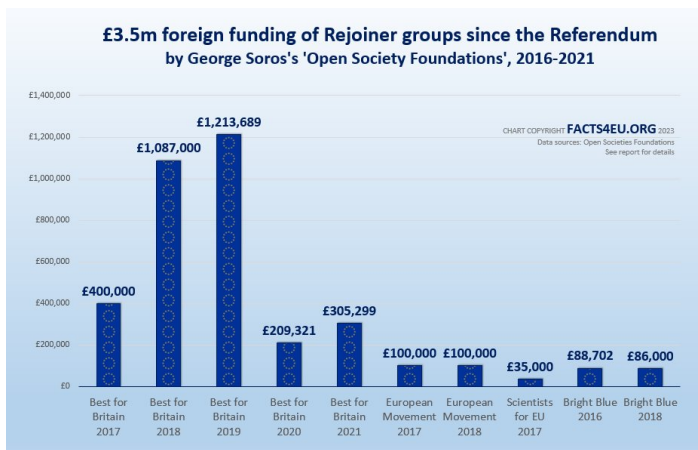

– Open Societies website

From 2016 to 2021 George Soros's OSF donated **more than £3.5 million to UK groups dedicated to overturning the largest democratic vote in the United Kingdom's history.**

Summary

Foreign funding of UK Rejoiner groups, 2016-2021

This is only OSF funding – we do not have details of other funding

▪ **TOTAL: £3,625,011**

The new Chairman of the 'European Movement'

In his 47 years the incoming Chairman of the European Movement, Mike Galsworthy, has been an academic, a researcher, and a political campaigner against Brexit. Here is his statement on being elected last week :-

"The European Movement is unique in its heritage and unique in its federated structure that sits at the heart of a wider pro-European community. EM must be the flagship in a fleet of pro-European campaigns and communities on a great mission together to bring us home to our rightful place in our own European Union."

"We know the wind is in our sails now. We must vanquish the dire politics of this moment in our history and work with communities all over the country to, step-by-step, recover that better future for ourselves, our children and our world. It is about identity, opportunity and responsibility."

"I have so many ambitions for our community. We are an incredible community with so much more to give. And I will be there with you – accessible to you all as we take this on together. It will be hard work, but we are veterans already and we know how to campaign. We run on passion and we have the grit. So now let us build, build, build. Let us get to work."

Observations

Sorry, but this must be said. All campaigning pro-Brexit groups (including CIBUK.Org) are rank amateurs in fund-raising compared to the organisations lined up against us. These Rejoiners have the money, the staff, the premises, the resources, the BBC, and the Establishment 'Blob' on their side.

Well, we would like to put this right. We want to take on the whole rejoinery-wokery-globalist Establishment and campaign for the views of ordinary people across the entire country (including Northern Ireland) who simply don't want this nonsense foisted upon us.

We are currently in discussions with Brexit Facts4EU.Org, and with our other 14 affiliated organisations, looking at ways to stand up to those who would make us all subservient to Brussels and to the other globalist institutions. We know we will not get the millions of pounds from foreign foundations but there are a great many ordinary people who will do their bit if they have an organisation to get behind.

Today we ask for some encouragement in this endeavour. If you would like us to pursue this initiative with CIBUK could we ask you to show your support with a donation to CIBUK.Org today? Please don't assume others will do this. We need everyone to step up and help. We promise we will not let you down and that every penny will be treated as if it were our own money. Thank you.
