

Jacob – Unexpurgated and Uncut An exclusive video interview with ‘The Moggster’

PRESS RELEASE - IMMEDIATE

**The Rt Hon Jacob Rees-Mogg
MP gives us his frank views
on 10 hot topics of the day**

EXCLUSIVE

**Few politicians are known for their Christian name alone.
Boris is one. Jacob is another.**

In a wide-ranging and fascinating interview, the former Minister of State for Brexit Opportunities shares his forthright views on the most pressing issues of the day.

Leaving the European Union was one thing he argues. Following up on the new freedoms afforded by our exit is quite another.

“Brexit was a means to an end, not an end in itself. And that’s really important - some people think we did Brexit and that’s it. But what Brexit was about was the restoration of democratic controls to the people of the United Kingdom.”

Campaign for an Independent Britain - **CIBUK** (<https://cibuk.org/>) – the oldest-established organisation for independence, freedom and democracy in the UK – and its affiliate **Facts4EU.Org** – are delighted to bring this exclusive video interview with the former Minister of State for Brexit Opportunities to the attention of our followers.

On Immigration and the ECHR:

“[Previously] if you came from a country that was deemed to be safe and claimed asylum, you were returned. That is the sort of thing that we ought to return to, so that if you’re coming from Albania, you get returned.”

On Deregulation:

“...we should not be penalising British industry and moving jobs and economic activity abroad for no reason.

“We should cut great swathes of the [EU] product regulations away, to allow people to sell products that pass a safety test...”

On the Northern Ireland Protocol:

“Protecting the [EU] Single Market is not the business of His Majesty’s Government. That’s a matter for the European Union.”

On Geopolitics:

*“...do I think Russia or China is the biggest long-term threat to the UK? **I think it’s China rather than Russia.**”*
