**We are in the process of making a TV-style documentary delivering the positive case for an independent United Kingdom. We are doing so for three very important reasons.**

1. To re-emphasise the positive case for an independent UK, which is increasingly under threat
2. To rebut the negative case being made by the Rejoiners who wish to drag us back into the EU
3. To take on issues such as net zero, open borders, uncontrolled immigration, more lockdowns, gender politics, cancel culture, under-funded defence and the like

*Impending Threat*

In recent months, the Rejoiner-Globalist movement have been on manoeuvres, busily raising £100,000 to make a TV-style documentary to persuade the British public to abandon our newfound freedoms and re-join the EU.

Be in no doubt. Their pockets run deep and their allies are powerful. They are a formidable foe.

**The good news is that Facts4EU and CIBUK are fighting back with a documentary of our own.**

**This is where you, dear reader, come in.**

**With your backing we can help rebut the claims of the Remainer-Globalists and those who would transform the fabric of this country beyond recognition.**

In the highlighted promotional video below, CIBUK's Communications Director, Ben Philips, explains all about this exciting project and how you can help – and be part of the project too!
